fun

discover
Italy

learn by living

Lesson can be held at your office, at your home, while sipping a coffee in the city centre, visiting a museum or sightseeing the town. But also riding a mtb, hiking or skiing.

mtb

Along the Adda river, taking Leonardo's ferry-boat, watching the channels designed by him and the beautiful nature.

hiking

Hills and mountains around the lake of Como or in the Adda river area are amazing.

skiing

During the winter, of course.
Many places, never too far.

info

Thanks to the direct method adopted, students can improve their linguistic skills through the practical use of new structures

Study materials included

corporate

If you are a professional working in Milan, lessons can be held at your office, at your home or having a coffee in a bar in the centre of the town. Weekend or one day off? Let's go for a ride on mtb, a hike around the Lake Como and, why not, a ski ride.

Speaking Italian, of course!

weekends and holidays

Are you spending a holiday on the lake of Como? Not too bad!

A lesson watching the lake in front of a coffee, discovering a nice little village or doing something more challenging. Longing for a big city? Forty minutes by train and I would show you some little things you may not expect Milan can offer.
